

HASNAIN AHMED

Software Engineer / Software Developer — Aspiring AI/ML & NLP Researcher

Kafrul, Dhaka, Bangladesh | antorahmed120612@gmail.com | 01306699217 | github.com/Hasnain163 | [LinkedIn](#)

PROFESSIONAL SUMMARY

4th-year Computer Science and Engineering undergraduate at United International University (CGPA 3.54/4.00) with hands-on experience building full-stack web applications using PHP, MySQL, HTML, CSS, and JavaScript. Contributed backend and database development to a multi-role food-donation platform and full-stack development (UI design, frontend, backend, database) to a counselling-platform project. Currently beginning undergraduate research (FYDP 1) in Machine Learning and Natural Language Processing under faculty supervision, while continuing to build core software engineering skills.

EDUCATION

United International University (UIU)

2023 – 2027 (Expected)

Bachelor of Science in Computer Science and Engineering (B.Sc. in CSE)

CGPA: 3.54 / 4.00

TECHNICAL SKILLS

Languages: C, C++, Java, Python, PHP

Web Technologies: HTML, CSS, JavaScript

Database: MySQL

Tools & Platforms: Git, GitHub, VS Code, Figma

Core CS: Object-Oriented Programming, Data Structures & Algorithms, Database Management, Software Development

AI / Research Interest: Machine Learning, Natural Language Processing

PROJECTS

Food Waste Management System

2025

PHP, MySQL, HTML, CSS | github.com/Hasnain163/Food-Waste-Management-system

- Developed a role-based web platform (admin, donor, NGO, collector, and plant-operator roles) for tracking surplus food and connecting donations with those in need, reducing food waste.
- Designed and implemented the MySQL database schema and backend PHP logic for donation records, food inventory, pickup scheduling, and waste categorization.
- Built alert and feedback modules to support role-specific notifications and communication across donor, NGO, collector, and plant-operator dashboards.

Psychiatric Counselling Platform

In Progress

Figma, HTML, CSS, JavaScript, PHP, MySQL | github.com/Hasnain163/psychiatric-plafrom

- Designed the platform's UI/UX prototype in Figma, covering admin, counsellor, and user dashboards.
- Implemented frontend interfaces using HTML, CSS, and JavaScript based on the Figma prototype.
- Designed the MySQL database and built backend PHP logic supporting user roles, appointment scheduling, and messaging between users and counsellors.

Household Waste Management System (Vangari Vai)

In Progress

Figma (Prototype & ERD Design)

- Designed the UI/UX prototype in Figma for a smart household-waste tracking and sorting platform.
- Designed the Entity-Relationship Diagram (ERD) for the system's database structure.

RESEARCH / FYDP

FYDP 1 — Undergraduate Research

Ongoing

Domain: Artificial Intelligence (Machine Learning, Natural Language Processing) | Supervisor: Mr. Nahid Hossen

- Beginning foundational research in Machine Learning and Natural Language Processing, including literature review and problem exploration under faculty supervision.

ACHIEVEMENTS & SCHOLARSHIPS

- Code Samurai Hackathon — Final Round Participant
- Coders Combat 4.0 — Participant
- Received academic scholarships: 50% (two occasions), 25% (two occasions), United International University

CERTIFICATIONS

Red Hat Certified System Administrator (RHCSA) — Course Completion — Red Hat Academy & CENTeR, UIU | May 2025

Cisco DevNet Associate — Course Completion — Cisco Networking Academy & CENTeR, UIU | Mar 2026

Design System Thinking with AI — Grameenphone Academy | Mar 2026

Network Smarter with AI — Grameenphone Academy | Apr 2026

ACTIVITIES

- General Member, UIU Computer Club — United International University
